

The background of the entire image is a close-up, high-resolution photograph of numerous red apples. The apples are densely packed, with some showing greenish-yellow highlights where the sun hits, and others in deep shadow. The colors range from bright red to a more muted, dusty red. A large, semi-transparent white circle is centered over the image, serving as a frame for the text.

*The NCDA&CS Produce Safety
Program Invites You To:*

Verify Your Farm Today

Why Should I Verify My Farm Information?

By verifying your farm you provide the Produce Safety Program with up to date information about your farm's size, the commodities you grow, and correct contact information. We use this to keep a Farm Inventory and discuss next steps for your operation, whether that is an On-Farm Readiness Review, an inspection, or simply an educational farm visit.
